

Annual Report

DARTS 2021

Aging is living.
Together, we
work toward
tomorrow.

President's Note

A message from Ann Bailey

Our words and actions paint the portrait of our lives, drawing the lines on our faces.

Smile lines crinkle staff members' eyes, and the compassionate way they work is reflected in client survey results that say 98 percent feel staff are helpful. Their true impact is that **90 percent feel less isolated because of DARTS.**

Brows furrow in concentration as staff and volunteers help riders on the buses, ensuring everyone is seated, masked, and has met their seatmate. Through their efforts, **100 percent of all riders feel safe**, and 97 percent report making a new acquaintance on their ride.

"I could see in your eyes that you understood," a caregiver support group participant commented. While masks hide faces, they do not hide the empathy the Social Services team feels when they provide resources and connections.

As we begin to unmask, we see laugh lines from the joy of being together, the **optimism for the future, and the celebration of aging.**

Aging is living. You are the connection that enriches aging. Your support helps provide equitable solutions that reflect diverse community needs. DARTS programming in the southeast metro meets emerging needs and provides a fulfilling aging journey.

Thank you for aging with us. 

2021 Business of the Year
DARTS was named the River Heights Chamber of Commerce **2021 Business of the Year**, recognizing how we adapted our services to meet the changing needs of 2020 and beyond.

Special thanks to DARTS Homemaker Lili Jiang for drawing the faces of DARTS.

Board Member Spotlight

Tom Edminson, Board Treasurer

"Working in the healthcare field for many years, I have met many patients struggling to remain in their own homes. DARTS provides the assistance many need to do just that, and those who are able to utilize the services are able to live happier lives. **Organizations like this are few and far between**, and I thoroughly enjoy supporting them."
