CREATING CONNECTIONS  
THAT ENRICH AGING.

# One Year Older

## 2022 Annual Report

*Your support provides joy, connection, and health.*

*The stories behind the numbers.*

DARTS President Ann Bailey

# Beyond the Numbers

*"A good decision is based on knowledge and not on numbers." -Plato*

Annual reports are an opportunity to report results; show the metrics. **While data is important, the stories are critical context.**

In 2022, DARTS launched five new programs, responding to needs we heard through client surveys and conversations. Evidence-based programs such as the Tai Ji Quan class expect participants to gain strength or improve balance, and surveys confirmed those results.

Beyond the survey, attendees developed friendships, laughed, and were proud they had learned new skills. **The power of these gatherings is difficult to quantify and easy to observe.**

**The age at which we will need advanced nursing care is unknowable.**

When the strain from being a primary caregiver will lead to health problems is unpredictable. Surveys demonstrate we are helping 92% of clients feel less isolated.

**The connection and well-being experienced in the people we help is clear from their reflections,** *"I contacted DARTS to shovel my dad's sidewalks since he was 91 and unable to do so. He had the service for about 3 years before he died and actually looked [forward] to the group coming out after it snowed. I don't know how he would have managed his shoveling if it wasn't for you."*

Thank you for being the connection that enriches aging. Your support provides joy, connection, and health. **Together we are providing equitable solutions that reflect diverse community needs and create a fulfilling aging journey.**

## DARTS clients are...

*"Everyone from the office people and the drivers are top notch. They are like friends to me."*

### James (Jim) Rollwagen, Director

*"I have had the privilege of serving on the board for close to nine years and have seen firsthand how DARTS can help enhance, energize and enrich the lives of our clients. Personally, the information and perspective on aging I have gained during my board service has been invaluable in assisting in my mother's care as she has celebrated her 100th birthday."*
